

Applying and being selected to serve on a National Capital Area Chrysalis Team

National Capital Area Chrysalis is an independent, ecumenical fourth-day community.

It is NOT affiliated with the Upper Room[®], Chrysalis[®], or Chrysalis International[®], Inc. programs.

Many of us would like to serve on a National Capital Area Chrysalis Team, and for most, it's a wonderful and rewarding experience. There are, however, factors about serving on a team that you should consider. Just as a Chrysalis Weekend may not be for all youth, serving on a NCAC team is not for everyone who has attended a Chrysalis weekend. It is very important for a team member to be active in their local church. This better equips them to share and model their post-weekend experience for the Caterpillars.

This application does not guarantee your selection to serve on any particular weekend's team. The committee responsible for making up teams tries very hard to see that everyone has the opportunity to serve, but the committee must work within certain guidelines. Each team must be built with balance: genders, maturity level, team experience (from first-time team members to the extremely experienced), as well as a balance of churches and denominations.

The most important consideration is your willingness to serve as a true member of God's team for a NCAC weekend. Only the Rector(a), Spiritual Director (SD), Head Cha (HC) Music Director (MD), and Old Buffalo (OB) positions are filled with a particular person in mind. All other positions are assigned during the teaming process and you must be willing to accept and serve in whatever capacity is needed. No one has the authority to promise you a particular position or responsibility. If you are willing to accept only a certain position, you should reconsider applying for a team. If you accept an invitation to join a team, you are making a commitment to be available for that weekend as well as the team meetings, which are weekly for about eight weeks prior to the actual weekend. Availability and sacrifice are the real characteristics of team members!

Finally, you must take into consideration the physical and emotional stress that occurs while serving on a team. Throughout the teaming process, and certainly during the weekend itself, you will be called upon to deal with all the joys and trials of working with others. You will experience, once again, the mountaintop exhilaration of walking closely with God and you'll also be dealing with the pressures of reacting to changes required to follow God's plan for the weekend. No matter how well you have prepared, you must be willing to yield to His direction at a moments notice.

******* Tobacco/ alcohol/ illegal substance use is strictly prohibited. *******

Yes No I understand I am responsible for covering the cost of the weekend, either by personal contributions or by requesting scholarship assistance.

Please let the adult Rector(a) know if you need financial assistance (all information shared is confidential).

There is a limit of one scholarship from NCAC per calendar year beginning September 2009.

There is an application fee of \$30.00, payable to "National Capital Area Chrysalis" or "NCAC", that must accompany team applications submitted after August 2009.

The application fee is in addition to your weekend fees.

Applications submitted without the application fee will be discarded.
